## Arts Education planning

While all of the students are getting settled into their classes, we are preparing our arts education events for the year. After wrapping up this summer with ten camps and workshops, our events for last year totaled 60 projects! Where do we go from here?

We have started meeting with faculty members and the heads of the departments to solidify the projects for the upcoming year. We have also been meeting with community organizations for collaborative arts education ideas. Some of this year's projects include an opera matinee presented to elementary-aged students, three new youth community choirs, and an interior design workshop. All upcoming events will be posted on our website. Go to [www.ocae.net](http://www.ocae.net) for the most up to date information. We look forward to another great year and hope you can join us!

## Spotlight event

The YCCO offers vocal instruction and performance opportunities for singers in grades 3-12. Darla Eshelman, Ph.D., music education program coordinator for Central's School of Music, will serve as the artistic director for the choirs.
